I attach herewith a photograph of Anton van der WAALS & de WILDE who we think may be identical with the de WILDE of the DAMEN case. The man may also be identical with van der WOUDE of the DERRAY case. Could the photograph please be shown to DAMEN, VERLOOP, DERRAY and LINDEMANS.

I also enclose herewith a photograph of three people, one of whom is LINDEMANS himself. Major Pinto of the Dutch Surete tells me that the woman, of whom he has no particulars whatsoever, is a German agent. Could the photograph therefore please be shown to LINDEMANS with a view to obtaining further information about the woman.

I would be most grateful if you could let me have an early reply regarding both photographs since Major Pinto is returning to the Continent at the end of the week and is most interested in both photographs.

(If BROWN) states that he denounced VICTOR (passer with VICTOR, and a man referred to in the list sent to us under cover of your I.T. of 21.11.44, signed as VICTOR. There is a well-known E.O.B. agent who is always referred to as 'VICTOR', and who has as a second-in-command one 'ALBERT'. These men were responsible for the Paris/Lyon end of the escape route from Holland. VU has always insisted that there was an elaborate system of sub-routes in Paris which ensured that, although the Holland/Paris end might be penetrated, the sub-routes from Paris to the sea were safe. From the BROWN case, we know that VU

Dutchman who escaped from Holland with the help of a suspect
escape agent, SA [redacted]

LIFE REPORT

W. ENKEL is quite sure that the approximate date of his first visit to Paris is February, as given in the first report. He returned to Holland in about 1944 in the company of GUS LINDELL and other GLUGLER. LINDELL actually left first in October 1, and ENKEL is of the opinion that he proceeded to Brussels. ENKEL and GLUGLER went to The Hague.

With regard to the individuals whom WICKER disclosed had been arrested at the Hotel Bartholomew, Series INZELI stated that there were 10 in all. They were:

✓ 1. 15, 17. 3N Erik

V. T. "L. S. Ernst.

with her to LINDEMANS' luggage which had disappeared during the night from the hotel at Asq. WINKEL stated that it had been sent to the hotel where Mrs LINDEMANS had been living there. She had not been well as she was expecting a child, but there were many rumors prevalent, including the fact that she had had a miscarriage, and also that the child had been sent to Germany.

The cover address mentioned, was care of LINDEMANS' Chris's in-law, the VERMEULEN/LEFLEPP's, 94 bis Avenue Jean Jaures, Ronchin, a suburb of Lille, and not No. 94B as stated in the first report.

As far as WINKEL's knowledge of LINDEMANS' movements is concerned, he states that the latter was last at the house of his in-laws, 94 bis Ave. Jean Jaures, Ronchin, during June 1944; it was on the night of the massacre at Asq. WINKEL is quite certain of this since the Asq incident was very much talked of, and he remembers that LINDEMANS informed him on that occasion that he, LINDEMANS, was at that moment busily engaged with the White Bridge with the transport of weapons etc, but made no reference to the fact that he was assisting other individuals at the time to escape.

The following is a description of the VERMEULEN/LEFLEPP household at 94 bis Avenue Jean Jaures:

A working class home. The father, whom WINKEL only saw on one occasion, had formerly been with you at the Asq. He had a family at 6 rue de la Gare, and it was the intention of the father to get on his feet at the house he resided.

Dear Major

Progress of Investigation.

Reference L. 597 dated 11. 11. 46 of 23. 11. 46.

In the Inter-Service Investigation Report on KING KONG, Appendix 11a, there is a mention of a Captain [redacted]. I have reason to believe that this is one of the [redacted] by the [redacted], & that it does not feature in the list of witnesses on the [redacted] 14. 11. 46 which you forwarded with your letter under reference. Incidentally, this poster came from this section last day, exactly in the present form, & was in RHW/ II 7/437 of 13. 5. 44 addressed to Miss Wideson.

The details about Captain [redacted] seem to tie up in many ways with the [redacted], and the blonde woman might well be the [redacted] & [redacted] 21 in the list of the [redacted]'s associates.

It is interesting to note that she lived at [redacted] four miles south of [redacted] where [redacted] was reported to be about the 10th October, 1944. At that time [redacted] reported [redacted] have been seen in the [redacted] of [redacted]. Officer travelling in a jeep with [redacted] [redacted], consisting of one man also in U.S. uniform.

Yours sincerely,

Subject: KING KONG.

Today, the 15-11-44, I saw William Albert de JONK, born 9.10.06,
at Alvelo, who was in contact with King Kong a last Christiana. KING
He gave me the following details about his contact:

"On the 16th September 1944 the Saturday before the air force
operation, I was sent for by the inspector of police KOKI who
took me with him to his house at the Gude Boelieplein. There, on
the first floor, three other gentlemen were waiting for me: King Kong,
an unknown police-inspector, and a certain Mr. WIF. In the downstairs
were some resistance people. King Kong told me that he had come
through the enemy lines. An agent of the Mindhoven police who had
passed the enemy lines and whom he had met in Belgium, had given to him
the address of Inspector KOKI. King Kong asked KOKI whether he knew
if certain persons were in safety. The reason for this question was
that de JONK's friends knew some more addresses from Captain BAKER.
He asked for particulars about the following persons:

DE JONK, second manager of Philips Works, Mindhoven.
DE JONK, second manager of Philips, Mindhoven.
DE JONK, second manager of Philips, Mindhoven.

nobody in the company gave any information to King Kong as they did
not trust him. King Kong was asked to be taken back through the
enemy lines or to be allowed to stay till the arrival of the English.

KOKI and WIF arrested King Kong without letting him in
contact with a person else. Tuesday, 19th September 1944, Captain BAKER
arrived and set King Kong at liberty."

To my question how King Kong introduced himself, Mr. de JONK
answered that King Kong said to belong to the White Brigade and that
he was the son of a lieutenant Colonel. He had been a student
at Delft University and was a well-known person in University circles.

I asked Mr. de JONK had had troubles with the Gestapo before.
I then heard that the German police had indeed been looking for him
some months ago. They could not find him, however, as he was
living in the city of Rotterdam. He was still in the city of Rotterdam
because he had heard the German police had sent instruction for
to arrest him. He said, he wanted to go and ask him to
leave the city. He went to Amsterdam, lived there in hiding
and is presumably still living there. The Gestapo have done their
utmost to find him.

According to a captain in the pre-war Dutch Army, "P. VERHOEF",
from Gref, King Kong's photograph was published in the third edition
of the "De Persoon", a legal paper which publishes particulars
of Gestapo agents.

I understand that DANIEL is to be re-interrogated and should be grateful if your patient on whom we have + is followed. Yours sincerely,

Gen WINKEL give a more definite info as to when he went to Paris in 1943. It is rather important, as according to INGRAM's interview report) analysis was stated at Los and if he is 3, that date is 14 Jan. 44. It is obvious that INGRAM's dates are used in many cases, rather than the intentions or solely due to Gen's memory is hard to say at present, it would be held all the Gen's recollections could be ascertained from WINKEL.)

On what did did VINKEL live for a while with LARRY and
FRANK? Where did VINKEL stay while back in Alaska?
 Does VINKEL know anything more about the Franklin &
the further Franklin?

I understand that WINKEL is to be re-interrogated and should be grateful if particular attention were given to the following points

1. WINKEL gives a more definite date as to when he went to Paris and met on 1st 1000 1000 1000. It is rather important, as according to LINDEN, Interior report 1000 was arrested at he had on 1st 1000 1000 1000. It is obvious that LINDEN's dates are out in 1000 cases, with reference to 1st 1000 1000 1000 due to bad memory. It is hard to say at present, but would be helpful to OSC if we definite dates could be ascertained from WINKEL.

On what date did WINKEL leave for Holland with LINDEN, and 1st 1000 1000 1000. When did WINKEL etc, whilst back in the land. 1st 1000 1000 1000. It is anything more left for the arrangements for further trace.

Can I REEL give more details about WOTTON, dea. et.
 WOTTON is living at the hotel, of from where he is supposed to
 be working. He is supposed to be working at the hotel. He had
 been with the party who originally went there.
 The address of Jean Jaures, who is living in Lille, is of
 art. WOTTON states that his 'i' is the
 the parents of his mother. He is supposed to be living in
 lived to 111 Ave. Jean Jaures, Roubaix, France.
 It seems likely that these addresses may be identical as Roubaix
 is a small place and it is unlikely that the numbers of any
 street should go up to 111.
 The WOTTONs are living at their address since July 1944. Approx-
 imately 1113' distance returned to her people after release by the
 Germans, it seems a possibility. I could not find any definite info on
 WOTTON himself just visited 1113.

Can I REEL give any details of the branch of ? He seems to have
 stayed there for at least 3 months.

ALLEN'S now states that he was 'altered' by ANNE van
 BUREN (YVONNE) during March 1944. But it is possible that
 WOTTON had been denounced her to the Germans as she was arrested
 and forced WOTTON, that was late as mid July, that he would have to
 wait the return of YVONNE for a visit to prison?

It is interesting to note that the name of WOTTON, REEL seems
 to be the name of a person who WOTTON had been 'altered' to
 escape.

From

Jan 10 1944. We have details about JOINTLY, etc. etc.
 The COMPTON data was at the hotel, of from where had he appeared?
 The COMPTON's luggage arrived at the hotel at Horsaeng, he had
 not been with the party who originally went there?
 The address 1423 Ave. Jean Jures, 7th floor near Little, is of
 particular interest. LINDEMAN states that his 'in laws'
 the parents of the address called V. R. LINDEN or LITOP & VERMA LER
 moved to 1423 Ave. Jean Jures, 7th floor, in 1941.
 It is likely that these addresses may be identical as R. LINDEN
 is a well known name and it is unlikely that the mothers of a
 street should be up to 1423.
 The Lindemans were living at their address after July 1944. Approx
 1944. The address was probably for her people after release by the
 Germans, it has a story. I cannot yet find any definite date in
 which LINDEMAN himself last visited 1423.

On LINDEMAN give any details of the address 1423 Ave. Jean Jures
 stayed there for at least 3 months.

LINDEMAN now at 1423 Ave. Jean Jures was 'heltered' by Anna van
 BREMENBORG (YVONNE) during March 1944, but that sometime during
 April/May 1944 he denounced her to the Germans and she was arrested.
 Was it LINDEMAN who stated later to J. W. that he would have to
 await the return of YVONNE from a visit to Horsaeng?

It is of interest to note that the name of CAROL LINDEMAN was re-
 last on the 1st of June when LINDEMAN states he 'eluded to
 escape'.

REPORT dated 11/5/44

E.I.A/S. (Captain Gorin).

You sent me a note yesterday asking what you could tell the Dutch regarding the agent H.L. I attach herewith a copy of two reports from Camp 020 which can be passed to the Dutch. Will you at the same time inform them that instructions have been given to the A.I. Unit in the field to keep workmen fully informed regarding the case. That was why I had not troubled the Dutch in London with the reports.

REPORT dated 24th November 1944.

PP. 600,513/A. 1.4/BS.

24th November, 1944.

Dear John,

LINDEMANS has been further interrogated regarding the mission which was given to him by Captain Baker. He was to go through the lines and inform the chiefs of the Dutch Resistance in Eindhoven, where their headquarters were, that all were to stay quiet. Such pilots as they had in their care were not to move but to stay hidden as the Allied armies would shortly occupy the territory. He also could be sent to them and they were to find out whether the Camp at Vught still held prisoners of the Germans. LINDEMANS believes, without knowing exactly, that Eindhoven was the HQ for the area of Noord Brabant.

LINDEMANS has also been questioned regarding persons in whom you are interested. He denied any knowledge of:

JAN BILGEM
M. J. BOUT
LEO BOUT
V. H. B.
and VICKEL.

He had been told by [] that there were a great number of routes being used, in particular one through Moerdijk, and another through Venlo. He himself was instructed by [] to come back through north of Eindhoven. [] mentioned that he was pleased with results and that he got information from people coming through. Further, in Driessergen they were receiving information by [] from agents in Belgium and France who had either stayed behind or worked through the lines. Numbers and precise location
